Subject: Rennie Farm Update

Dear neighbors,

We have posted two new documents on the [Rennie Farm Project website](#):

1. An addendum request to our May 5 work plan, submitted to the state proposing the installation of additional off-site groundwater monitoring wells, and
2. Remedial Action Plan (RAP) approval by the New Hampshire Department of Environmental Services.

GZA consultant Jim Wieck and I will be at the Rennie Farm site next Tuesday, October 11, from 4 to 6 pm to address any questions you may have. Please stop by if you would like to speak with us.

As always, please feel free to contact me if I can be helpful.

Sincerely,

Maureen
