Hello All,

I have spoken with Michael Hinsley at length on this and I appreciate your concerns. The primary contact for the project at Dartmouth is Maureen O'Leary - Director EHS - 603-646-1762. I am also available as a resource. We will continue to provide you updates as this evolves.

Here is a link to our Rennie Farm website which is continuously updated:

<http://www.dartmouth.edu/~ehs/rennie.html>

Rennie Farm Project - [dartmouth.edu](http://www.dartmouth.edu)

www.dartmouth.edu

About Rennie Farm: From the mid 1960s-1978, Dartmouth used less than a ½ acre portion on the 223-acre Rennie Farm, to dispose of animal remains used in medical ...

We will have a permit application completed early next week for the groundwater pump and treat system. Any questions please let us know.

Thank you!

Michael:

The Planning, Zoning and Code office is continuing to receive emails and phone calls regarding the Rennie Farm contamination. I would like to have a response protocol for the town that directs all questions to a contact person at Dartmouth College. In addition, it would be very helpful if the Town could continue to receive copies of all public communications regarding this matter, that we could display/publish on the Town's website.

Thank you in advance for your attention to this request.

Robert Houseman
Planning & Zoning Director
