## MEMORANDUM

**To:** Selectboard Members  
**FROM:** Robert Houseman, Town Manager  
**DATE:** JUNE 2, 2025  
**SUBJECT:** Information for the Selectboard for June 2, 2025

### Business Requiring Discussion

#### **a. Dartmouth College Crosby Street energy project update**

Please see additional information included in the Selectboard meeting materials packet.

This presentation aims to inform the Selectboard and the Town about an upcoming Dartmouth College project that will require the closure of Crosby Street and include the implementation of a coordinated traffic management plan. It is important to note that Dartmouth College has collaborated closely with key Town staff and the Hanover School Districts over several months to develop this plan. The plan includes strategies to minimize the impact of the road closure, including rerouting public school buses and coordinating with emergency services. Finally, Dartmouth has committed to future enhancements to the public right-of-way, designed in collaboration with the Town and aligned with Hanover's multimodal transportation goals. The yet to be designed improvements will consider the Town's broader transportation planning efforts, including the Safe Streets for All initiative.

#### **b. Deer Team presentation on proposed expanded area to Town boundaries**

Hanover has collaborated with the New Hampshire Fish and Game Department (NHFG) to obtain additional doe hunting permits due to deer overpopulation. This has been accomplished through the Special Deer Management Area (DMA) process established by NHFG.

It is unclear what steps will be necessary to expand the DMA to the Town Boundaries, or whether written landowner permission will still be required. A map of all the landowner-authorized parcels must currently be submitted to NHFG and distributed with all permits. If written landowner authorization and parcel mapping are necessary, this will require additional staff time and resources. Currently, the process involves Alex Taft, Senior Planner; Kate Shea, Town Manager's Administrative Assistant; and the Town Clerk's Office, who spend approximately 40-60 hours seasonally preparing all the documents and issuing the permits. Additionally, the mapping is prepared by Dartmouth College.

Finally, Town Staff is working on filing the annual NHFG application by mid-June, so any changes in the boundaries may need to be postponed until next year.

## INTEROFFICE MEMORANDUM

---

**TO:** SELECTBOARD

**FROM:** ELLEN BULLION

**SUBJECT:** AUTHORIZATION OF BONDS AND APPROVAL OF NHMBB LOAN AGREEMENT

**DATE:** 6/2/2025

---

At the May 9, 2023 Town Meeting, Article 11 was approved authorizing the Town to raise \$1.2 million through the issuance of bonds or notes for the purchase of a fire engine. The final cost of the engine was less than anticipated at \$1,060,615. After researching different options including a loan from Mascoma Bank and Bond issue through New Hampshire Municipal Bond Bank, the latter was chosen. This was discussed during the budget process and at the time the interest rate reference was the January 2025 20-year rate of 3.84%. The loan agreement for signature tonight has a not-to-exceed rate of 5.25%, the actual rate to be determined on the sale date of July 16<sup>th</sup> and may be lower. While this maximum rate is higher than the January interest rate, it remains competitive compared to the alternatives. The rate of 5.25% would result in additional expense of approximately \$7,500.00 in year one, FY2026.

Tonight, I am requesting the Selectboard vote to authorize the bonds in accordance with the Town Meeting vote and approve the loan agreement with the New Hampshire Municipal Bond Bank.

**Summary of Loan Agreement:**

- Loan amount - \$1,060,615
- Interest Rate – Not to exceed 5.25%
- Term – 20 Years

TOWN OF HANOVER, NEW HAMPSHIRE  
(the "Issuer")

CERTIFICATE OF VOTE REGARDING AUTHORIZATION  
OF BONDS AND APPROVAL OF  
LOAN AGREEMENT WITH THE NEW HAMPSHIRE MUNICIPAL BOND BANK

I, the undersigned Clerk of the Issuer, hereby certify that a meeting of the Governing Board of Issuer (the "Board") was held on June 2, 2025. A quorum of the Board was in attendance and voting throughout.

I further certify that there are no vacancies on the Board, that all of the members of the Board were duly notified of the time, place and purposes of said meeting, including as one of the purposes the authorization of bonds and the approval of a Loan Agreement between the New Hampshire Municipal Bond Bank (the "Bond Bank") and the Issuer.

I further certify that the following is a true copy of resolutions unanimously adopted at said meeting:

**RESOLVED:** That under and pursuant to the Municipal Finance Act, Chapter 33, N.H.R.S.A., as amended, the New Hampshire Municipal Bond Bank Law, Chapter 35-A, N.H.R.S.A., as amended, and other laws in addition thereto, and to votes of the Issuer duly adopted on March 9, 2023 under Article 11 of the Warrant for such annual meeting of the Issuer there be and hereby is authorized the issuance of a \$1,060,615 Bond of the Issuer (the "Bond") which is being issued by the Issuer to finance the purchase of a fire engine.

The Bond shall be dated as of its date of issuance, shall be in such numbers and denominations as the purchaser shall request, shall mature in accordance with the schedule set forth in Exhibit A to a certain Loan Agreement hereinafter described (the "Loan Agreement"), shall bear a net interest cost rate (as defined in the Loan Agreement) of five and one quarter percent (5.25%) per annum or such lesser amount as may be determined by a majority of the Board. The Bond shall be substantially in the form set forth as Exhibit B to the Loan Agreement and otherwise shall be issued in such manner and form as the signatories shall approve by their execution thereof.

**RESOLVED:** That the Bond shall be sold to the Bond Bank at the par value thereof plus any applicable premium.

**RESOLVED:** That in order to evidence the sale of the Bond, the Treasurer of Issuer and a member of the Board are authorized and directed to execute, attest and deliver, in the name and on behalf of the Issuer, a Loan Agreement in

substantially the form submitted to this meeting, which is hereby approved, with such changes therein not inconsistent with this vote and approved by the officers executing the same on behalf of the Issuer. The approval of such changes by said officers shall be conclusively evidenced by the execution of the Loan Agreement by such officers.

**RESOLVED:** That all things heretofore done and all action heretofore taken by the Issuer and its officers and agents in its authorization of the project to be financed by the Bond are hereby ratified, approved and confirmed.

**RESOLVED:** That the Clerk and the signers of the Bond are each hereby authorized to take any and all action necessary and convenient to carry out the provisions of this vote, including delivering the Bond against payment therefor.

**RESOLVED:** That the useful life of the project being financed is in excess of twenty (20) years.

I further certify that said meeting was open to the public; the aforesaid vote was not taken by secret ballot nor in executive session; that notice of the time and place of said meeting was posted in at least two (2) appropriate public places within the territorial limits of the Issuer, or published in a newspaper of general circulation in said area, at least twenty-four (24) hours, excluding Sundays and legal holidays, before said meeting; that no deliberations or actions with respect to the vote were taken in executive session; and that the minutes of said meeting have been promptly recorded and have been or will be made open to inspection not more than five (5) business days after the meeting, all in accordance with Chapter 91-A, N.H.R.S.A., as amended.

I further certify that the above vote has not been amended or rescinded and remains in full force and effect as of this date.

WITNESS my hand and seal of the Issuer this \_\_\_\_\_ day of \_\_\_\_\_, 2025.

AGREEMENT, dated the 16th day of July, 2025 between the New Hampshire Municipal Bond Bank, a public body corporate and politic constituted as an instrumentality of the State of New Hampshire exercising public and essential governmental functions (hereinafter referred to as the "Bank"), created pursuant to the provisions of Chapter 35-A of the New Hampshire Revised Statutes Annotated, as amended (hereinafter referred to as the "Act"), having its principal place of business in Concord, New Hampshire, and **Town of Hanover** (hereinafter referred to as the "Governmental Unit"):

W I T N E S S E T H :

WHEREAS, pursuant to the Act, the Bank is authorized to loan money (hereinafter referred to as the "Loans") to the Governmental Unit and the Governmental Unit is authorized to contract with the Bank with respect to such Loans to be evidenced by its municipal bonds (as defined in the Act) to be purchased by the Bank; and

WHEREAS, the Governmental Unit has requested a loan from the Bank in the amount of **\$1,060,615** (hereinafter referred to as the "Loan") and, to evidence the indebtedness to be incurred thereby, has duly authorized the issuance of its bonds in at least that principal amount (the "Municipal Bonds"), which Municipal Bonds are to be purchased by the Bank in accordance with this Loan Agreement; and

WHEREAS, the Bank has adopted or will adopt a General Bond Resolution (hereinafter referred to as the "Bond Resolution") authorizing the issuance of its bonds from time to time, a portion of the proceeds of which will be expended for the purpose of making the Loan, and will adopt a resolution authorizing the making of the Loan to the Governmental Unit by the purchase of the Municipal Bonds,

NOW, THEREFORE, the parties agree:

1. The following words or terms used herein shall have the following meanings:

(a) "Fees and Charges" shall mean all fees and charges authorized to be charged by the Bank for the use of its services or facilities pursuant to paragraph VIII of Section 6 of the Act.

(b) "Governmental Unit's Allocable Proportion" shall mean the proportionate amount of the total requirement in respect of which the term is used, determined by the ratio that the Loan then outstanding bears to the total of all Loans which are then outstanding, as certified by the Bank.

(c) "Loan Obligation" shall mean that amount of bonds issued by the Bank which is equal to the principal amount of the Municipal Bonds outstanding.

(d) "Maximum Interest Cost Rate" shall mean an interest cost rate 5.250% per centum per annum.

(e) "Municipal Bonds Interest Payments" shall mean the amount to be paid by the Governmental Unit pursuant to this Loan Agreement representing interest due or to become due on its Municipal Bonds.

(f) "Municipal Bonds Principal Payments" shall mean the amount to be paid by the Governmental Unit pursuant to this Loan Agreement representing principal due or to become due on its Municipal Bonds.

2. The Bank hereby agrees to make the Loan and the Governmental Unit hereby agrees to accept the Loan and to sell to the Bank the Municipal Bonds in the principal amount of the Loan. The Municipal Bonds shall bear interest from the date of their delivery to the Bank at such rate or rates per annum as will result in an interest cost rate to the Governmental Unit of the Maximum Interest Cost Rate (as calculated by the "Interest Cost Per Annum" method) or at rates per annum as will result in a lesser interest cost rate to the Governmental Unit as determined by the Bank. The interest cost rate for purposes of this Loan Agreement will be computed as if the Municipal Bonds bore interest from the delivery date of the Bank's bonds, and without regard to Sections 4 and 5 hereof which require that Governmental Unit make funds available to the Bank for the payment of principal and interest at least thirty (30) calendar days (inclusive of Saturdays, Sundays and holidays) prior to each respective principal and interest payment date. Subject to any applicable legal limitations, the rate or rates of interest borne by the Municipal Bonds shall be not less than the rate or rates of interest borne by the bonds issued by the Bank (for corresponding maturities) the proceeds of sale of which were used to make the Loan and to purchase the Municipal Bonds. Notwithstanding the above, the obligation of the Bank to make the Loan shall be conditioned upon receipt by the Bank of the proceeds of bonds issued by the Bank both for the purposes set forth herein and to create the reserves required by the Bond Resolution.

3. The Governmental Unit has duly adopted or will adopt all necessary votes and resolutions and has taken or will take all proceedings required by law to enable it to enter into this Loan Agreement and issue its Municipal Bonds for purchase by the Bank.

4. The Municipal Bonds Interest Payments shall be not less than the total amount of interest the Bank is required to pay on the Loan Obligation and shall be scheduled by the Bank in such manner and at such times as to provide funds sufficient to pay interest as the same becomes due on the Loan Obligation and the Governmental Unit shall make such funds available to the Bank at least thirty (30) calendar days (inclusive of Saturdays, Sundays and holidays) prior to each interest payment date.

5. The Municipal Bonds Principal Payments shall be scheduled by the Bank in such manner and at such times as to provide funds sufficient to pay the principal of the Loan Obligation as the same matures (based upon the maturity schedule provided by and for the Governmental Unit and appended hereto as Exhibit A) and the Governmental Unit shall make such funds available to the Bank at least thirty (30) calendar days (inclusive of Saturdays, Sundays and holidays) prior to each principal payment date.

6. The Governmental Unit agrees to be obligated to pay Fees and Charges to the Bank. Such Fees and Charges, if any, collected from the Governmental Unit shall be in an amount sufficient, together with the Governmental Unit's Allocable Proportion of other monies available therefore, including any grants made by the United States of America or any agency or instrumentality thereof or by the State or any agency or instrumentality thereof, to pay on a semi-annual basis:

(a) as the same becomes due, the Governmental Unit's Allocable Proportion of the administrative expenses of the Bank; and

(b) as the same becomes due, the Governmental Unit's Allocable Proportion of the fees and expenses of the trustee and paying agents for the bonds of the Bank.

7. The Governmental Unit agrees to be obligated to make the Municipal Bonds Principal Payments scheduled by the Bank on an annual basis and agrees to be obligated to make the Municipal Bonds Interest Payments scheduled by the Bank and to pay any Fees and Charges imposed by the Bank on a semi-annual basis. All Municipal Bonds Principal Payments, Municipal Bonds Interest Payments and Fees and Charges shall be payable only by means of wire transfer or automated clearinghouse funds (ACH).

8. The Governmental Unit agrees that any loan agreements previously entered into between the Bank and the Governmental Unit with respect loan obligations previously undertaken and presently outstanding between the Bank and the Governmental Unit, are hereby amended as follows:

Payments on account of any municipal bonds interest payments and any municipal bonds principal payments shall be made to the Bank at least thirty (30) calendar days (inclusive of Saturdays, Sundays and holidays) prior to each municipal bond interest or principal payment date pertaining thereto. All such payments shall be made only by wire transfer or automated clearinghouse funds(ACH).

9. The Bank shall not sell and the Governmental Unit shall not redeem prior to maturity any of the Municipal Bonds with respect to which the Loan is made by the Bank prior to the date on which all outstanding bonds issued by the Bank with respect to such Loan are redeemable, and in the event of any sale or redemption prior to maturity of such Municipal Bonds thereafter, the same shall be in an amount equal to the aggregate of (i) the principal amount of the Loan Obligation so to be redeemed, (ii) the interest to accrue on the Loan Obligation so to be redeemed to the next redemption date thereof not previously paid, (iii) the applicable premium, if any, payable on the Loan Obligation so to be redeemed, (iv) the costs and expenses of the Bank in effecting the redemption of the Loan Obligation, and (v) at the direction of the Bank, an amount equal to the proportionate amount of bonds so to be redeemed which were issued by the Bank with respect to the Loan Obligation and necessary to fund a portion of the reserve fund authorized by Section 11 of the Act, less the amount of monies or investments available for withdrawal from such reserve fund and for application to the redemption of such bonds issued by the Bank in accordance with the terms and provisions of the Bond Resolution, as determined by the Bank; provided, however, that, in the event the Loan Obligation has been refunded and the refunding bonds issued by the Bank were issued in a principal amount in excess of or less than the Loan Obligation remaining unpaid at the date of issuance of such refunding bonds, the amount which the Governmental

Unit shall be obligated to pay under item (i) hereof shall be the amount set forth in the resolution of the Bank. In the event the Loan Obligation has been refunded and the interest the Bank is required to pay on the refunding bonds is less than the interest the Bank was required to pay on such Loan Obligation, the amount which the Governmental Unit shall be obligated to pay under item (ii) above shall be the amount of interest set forth in the resolution of the Bank. In no event shall any such sale or redemption of Municipal Bonds be affected without the prior written agreement and consent of both parties hereto.

10. Simultaneously with the delivery to the Bank of the Municipal Bonds, which Municipal Bonds shall be in a form acceptable to the Bank, the Governmental Unit shall furnish to the Bank an opinion of bond counsel satisfactory to the Bank which shall set forth among other things, the unqualified approval of said Municipal Bonds then being delivered to the Bank and that said Municipal Bonds will constitute valid general obligations of the Governmental Unit as required by the Act. The Governmental Unit shall bear the cost of such opinion.

11. The Governmental Unit shall be obligated to notify the Bank and the corporate trust office of the trustee for the bonds of the Bank in writing at least 30 days prior to each interest payment date of the name of the official of the Governmental Unit to whom invoices for the payment of interest and principal should be addressed.

12. The Governmental Unit and the Bank agree that the Municipal Bonds Principal Payments, the Municipal Bonds Interest Payments and the Municipal Bonds or a portion thereof may be pledged or assigned by the Bank under and pursuant to the Bond Resolution.

13. The Governmental Unit agrees upon surrender to it of the Municipal Bonds by the Bank it will, at the option of the Bank, cause there to be delivered to the Bank either registered or coupon Municipal Bonds as the case may be.

14. Prior to payment of the amount of the Loan, or any portion thereof, and the delivery of the Governmental Unit's Municipal Bonds to the Bank or its designee, the Bank shall have the right to cancel all or any part of its obligations hereunder if:

(a) any representation made by the Governmental Unit to the Bank in connection with application for Bank assistance shall be incorrect or incomplete in any material respect; or

Rule 15c2-12 (the "Rule") as in effect from time to time, the Governmental Unit agrees to furnish to the Bank (1) such financial information and operating data with respect to the Governmental Unit at such times and in such forms as the Bank shall

## **MEMORANDUM**

To: Town of Hanover, New Hampshire (the “Town”)  
From: Renelle L. L’Huillier, Devine, Millimet & Branch, P.A. (“Bond Counsel”)  
Re: Post-Issuance Tax Compliance Policies and Procedures  
Date: May 16, 2025

At the closing of a tax-exempt bond or note issuance, the Town’s governing board signs a No Arbitrage and Tax Certificate. This document provides Bond Counsel with the information necessary to make a determination that the bond or note is tax exempt at the time of issuance.

However, there are a number of things that can occur “post-issuance” that could adversely affect the tax-exempt status of the bonds or notes, such as (i) the direct or indirect use of the proceeds by a non-governmental person that might cause the bonds or notes to be taxable private activity bonds; or (ii) the Town’s potential liability for rebate payments to the federal government due to the failure to expend funds quickly enough to qualify for one of the spending exceptions to the rebate rules.

Over the past few years, the Internal Revenue Service (the “IRS”) has focused on the post-issuance tax compliance of municipal bond issuers. During that time, we have seen an increased number of IRS examinations of bonds and tax notes to determine compliance with the requirements of the Internal Revenue Code of 1986, as amended (the “Code”). One of the questions posed by the IRS in such examinations is whether the issuer has adopted written procedures to ensure compliance with the Code provisions applicable to tax-exempt bonds and notes.

In addition, the IRS includes guidance on its website that makes it evident that written procedures are an important part of an issuer’s tax-exempt bond program. Moreover, in the fall of 2011, the IRS updated its Form 8038-G to add questions about whether the issuer has established written procedures to address private activity concerns and to monitor the requirements of section 148 related to arbitrage rebate. The IRS also now requests more detail about an issuer’s reimbursement for pre-issuance expenditures on this form.

In order to address this increased level of review by the IRS, we have prepared a form of Post-Issuance Tax Compliance Policies and Procedures. This form of policy names a “Coordinator” who has the responsibility to monitor compliance with the policy. It follows the requirements of the Code and closely tracks the information included in the No Arbitrage and Tax Certificate that is signed at the closing of a bond or tax note financing.

We have also included a form of resolution that the governing board may pass in order to adopt this formal policy.

As the Town is planning to finance a project with tax exempt bonds and could need to issue tax anticipation notes or may be considering a lease-purchase arrangement in the near future, we recommend implementing these policies as soon as possible. As a result, the Town would be able to answer “yes” to the questions on the Form 8038-G, thereby showing the IRS that it is aware of its post-issuance obligations under the Code and that it intends to meet those obligations. An additional reason for the timely adoption of these policies is the IRS’s indication that an issuer who discloses a compliance issue that is discovered as a result of its own internal review will be looked upon favorably by the IRS in determining a resolution to the problem.

RESOLUTION OF  
THE SELECTBOARD  
OF THE TOWN OF HANOVER, NEW HAMPSHIRE

June 2, 2025

WHEREAS, the Town of Hanover, New Hampshire (the “Town”) from time to time, on a tax-exempt basis, issues (i) bonds and bond anticipation notes to finance capital projects, (ii) tax anticipation notes to pay the Town’s maintenance and operation expenses and (iii) municipal leases to finance the lease-purchase of certain equipment, all pursuant to the provisions of New Hampshire RSA Chapter 33, as amended;

WHEREAS, the federal income tax laws included in the Internal Revenue Code of 1986, as amended (the “Code”), require that issuers of tax-exempt debt comply with certain post-issuance requirements set forth in the Code;

WHEREAS, for purposes of maximizing the likelihood that the Town complies with such requirements of the Code, the Selectboard of the Town (the “Board”) desires to adopt the Post-Issuance Tax Compliance Policies and Procedures, attached hereto as Exhibit A;

NOW THEREFORE, BE IT RESOLVED by the Board as follows:

VOTED: That the Post-Issuance Tax Compliance Policies and Procedures, attached hereto as Exhibit A are hereby approved.

VOTED: That the Board hereby names the Director of Finance as the “Coordinator” under the Post-Issuance Tax Compliance Policies and Procedures and that the Director of Finance has accepted such nomination.

VOTED: That this resolution shall take effect from and after its adoption.

**EXHIBIT A**

**POST-ISSUANCE TAX COMPLIANCE POLICIES AND PROCEDURES**

## **TOWN OF HANOVER, NEW HAMPSHIRE**

### **POST-ISSUANCE TAX COMPLIANCE POLICY AND PROCEDURES FOR TAX-EXEMPT OBLIGATIONS**

The purpose of this Post-Issuance Tax Compliance Policy and Procedures is to establish policies and procedures in connection with tax-exempt bonds and notes (the “Bond” or “Bonds”) issued by the Town of Hanover, New Hampshire (the “Issuer”) so as to maximize the likelihood that all applicable post-issuance requirements of federal income tax law needed to preserve the tax-exempt status of the Bonds are met.

1. Compliance Coordinator:

- a) The Director of Finance ("Coordinator") shall be responsible for monitoring post-issuance compliance.
- b) The Coordinator will maintain a copy of the transcript of proceedings in connection with the issuance of any tax-exempt obligations. The Coordinator will obtain such records as are necessary to meet the requirements of this policy.
- c) The Coordinator shall consult with bond counsel, a rebate consultant, financial advisor, Internal Revenue Service (“IRS”) publications and such other resources as are necessary to understand and meet the requirements of this policy.
- d) Training and education of the Coordinator and his/her staff will be sought and implemented upon the occurrence of new developments and upon the hiring of new personnel to implement this policy.

2. Record-Keeping.

- a) Financing Transcripts. The Coordinator shall confirm the proper filing with the IRS of an 8038 Series return, and maintain a transcript of proceedings for all tax-exempt obligations issued by the Issuer, including but not limited to all tax-exempt bonds, notes and lease-purchase contracts. Each transcript shall be maintained for as long as the Bonds are outstanding, plus three (3) years after the final redemption date of the Bonds. Said transcript may be maintained in electronic format and shall include, at a minimum:

- 1) Form 8038s;
- 2) minutes, resolutions, and certificates;
- 3) certifications of issue price from the underwriter, if applicable;
- 4) formal elections required by the IRS;

- 5) trustee statements, if applicable;
- 6) records of refunded bonds, if applicable;
- 7) correspondence relating to bond financings;
- 8) reports of any IRS examinations for bond financings;
- 9) documents related to governmental grants associated with construction, renovation or purchase of bond financed facilities, if applicable; and
- 10) publications, brochures, and newspaper articles, where applicable.

b) Modification to Financing Documents. The Coordinator shall determine if there is any “significant modification” to bond documents resulting in reissuance under Treasury Regulations §1.1001-3, in consultation with bond counsel and any other legal counsel and financial advisor. The Coordinator shall retain proof of filing new Form 8038 and relevant documentation plus final rebate calculation on pre-modification bonds.

3. Proper Use of Proceeds. The Coordinator shall review the resolution authorizing issuance for each tax-exempt obligation issued by the Issuer and shall:

- a) obtain a computation of the yield on such issue from the Issuer’s financial advisor;
- b) create a separate Project Fund (with as many sub-funds as shall be necessary to allocate proceeds among the projects being funded by the issue) and a separate Cost of Issuance Fund as necessary to allocate proceeds to Bond issuance costs into which the proceeds of the issue shall be deposited, as applicable;
- c) review all requisitions, draw schedules, draw requests, invoices and bills requesting payment from the Project Fund;
- d) determine whether payment from the Project Fund is appropriate, and if so, make payment from the Project Fund (and appropriate sub-fund if applicable);
- e) maintain records of the payment requests and corresponding records showing payment;
- f) maintain records showing the earnings on, and investment of, the Project Fund;
- g) ensure that all investments acquired with proceeds are purchased at fair market value;
- h) identify bond proceeds or applicable debt service allocations that must be invested with a yield-restriction and monitor the investments of any yield-

restricted funds to ensure that the yield on such investments does not exceed the yield to which such investments are restricted;

- i) maintain records related to any investment contracts, credit enhancement transactions, and the bidding of financial products related to the proceeds; and
- j) monitor and maintain records of the reimbursement of costs previously expended by the Issuer to ensure that such reimbursement occurs not more than 18 months after the later of (i) the dates of the expenditures or (ii) the date the project/asset was placed in service (but not more than 3 years after the original expenditures were paid) except with respect to those expenditures for which the Issuer obtained a certificate of licensed engineer/architect to the effect that (I) at least five (5) years was necessary to complete the construction of the part of the project for which such expenditures were required; and (II) such expenditures shall be reimbursed not more than five (5) years after the date that the original expenditures were paid.

4. Arbitrage/Rebate Compliance and Timely Expenditure of Proceeds. The Coordinator shall review the No Arbitrage and Tax Certificate (or equivalent) (the “Certificate”) for each tax-exempt obligation issued by the Issuer and the expenditure records provided in Section 2 of this policy, above, and shall ensure that the Issuer takes the following actions:

- a) monitor and ensure that proceeds of each such issue are spent within the temporary period set forth in the Certificate;
- b) if at the time of issuance, it appears that the Bonds will qualify for the small issuer exception to the rebate requirement, the Coordinator will monitor the amount of subsequent tax-exempt obligations issued or proposed to be issued in the calendar year in which the Bonds closed to ensure that the Issuer does not exceed the \$5 million or \$15 million threshold, as applicable, in such calendar year;
- c) if at the time of issuance, based on reasonable expectations set forth in the Certificate, it appears likely that the issue will qualify for an exemption from the rebate requirement, the Issuer may defer taking any of the actions set forth in subsection (d) below. Not later than the time of completion of construction or acquisition of the project, and depletion of all funds from the Project Fund, the Issuer shall make a determination if the expenditure of the Bond proceeds qualified for an exemption from the rebate requirements based on spending within a 6 month, 18 month or 2 year period after issuance. If a rebate exemption is determined to be applicable, the Issuer shall prepare and keep in the permanent records of the issue a memorandum evidencing this conclusion together with records of expenditure to support such conclusion. If the transaction does not qualify

for rebate exemption, the Issuer shall initiate the steps set forth in (d) below;

- d) if at the time of issuance it appears likely that arbitrage rebate calculations will be required, or upon determination that calculations are required pursuant to (c) above, the Issuer shall:
  - i. engage the services of expert advisors (each a “Rebate Service Provider”) to assist in the calculation of arbitrage rebate payable in respect of the investment of Bond proceeds, or else shall ensure that it has adequate financial, accounting and legal resources of its own to make such calculations, and, prior to each rebate calculation date, cause the trustee or other financial institution investing bond proceeds to deliver periodic statements concerning the investment of Bond proceeds to the Rebate Service Provider;
  - ii. provide to the Rebate Service Provider additional documents and information reasonably requested by the Rebate Service Provider;
  - iii. monitor efforts of the Rebate Service Provider;
  - iv. assure payment of required rebate amounts, if any, no later than 60 days after each 5-year anniversary of the issue date of the Bonds, and no later than 60 days after the last Bond of each issue is redeemed;
  - v. during the construction period of each capital project financed in whole or in part by Bonds, monitor the investment and expenditure of Bond proceeds and consult with the Rebate Service Provider to determine compliance with any applicable exceptions from the arbitrage rebate requirements during each 6-month spending period up to 6 months, 18 months or 2 years, as applicable, following the issue date of the Bonds;
  - vi. retain copies of all arbitrage reports, trustee statements and other documents as required herein; and
  - vii. in lieu of engaging an outside Rebate Service Provider, the Issuer may make a determination that it has sufficient capabilities using its own personnel, supported by its regular accounting and legal advisers, to be able to make the required rebate calculations. Such determination shall be evidenced in writing with specific reference to the personnel and advisers to carry out the calculations, and such written determination shall be maintained in the records of the bond transaction.

5. Proper Use of Bond Financed Assets.

- a) The Coordinator shall maintain appropriate records and a list of all bond financed assets. Such records shall include the actual amount of proceeds (including investment earnings) spent on each of the bond financed assets.
- b) With respect to each bond financed asset, the Coordinator will monitor and confer with bond counsel with respect to all proposed:
  - i. management contracts,
  - ii. service agreements,
  - iii. research contracts,
  - iv. naming rights contracts,
  - v. leases or sub-leases,
  - vi. joint venture, limited liability or partnership arrangements,
  - vii. sale of property, or
  - viii. any other change in use of such asset.
- c) Section 141 of the Code sets forth private activity tests for the purpose of limiting the volume of tax-exempt bonds that finance activities of persons other than state and local governmental entities. These tests serve to identify arrangements that actually or reasonably expect to transfer the benefits of tax-exempt financing to non-governmental persons, including the federal government. The Coordinator shall provide to the users of any bond financed property a copy of this Compliance Policy and other appropriate written guidance advising that:
  - i. “Private business use” means use by any person other than the Issuer, including business corporations, partnerships, limited liability companies, associations, non-profit corporations, natural persons engaged in trade or business activity, and the United States of America and any federal agency, as a result of ownership of the property or use of the property under a lease, management or service contract (except for certain “qualified” management or service contracts), “naming rights” contract, “public-private partnership” arrangement, or any similar use arrangement that provides special legal entitlements for the use of the bond financed property;
  - ii. No more than 10% of the proceeds of any tax-exempt bond issue (including the property financed with the Bonds) may be used for private business use, of which no more than 5% of the proceeds of the tax-exempt bond issue (including the property financed with the bonds) may be used for any “unrelated” private business use – that is, generally, a private business use that is not functionally related to the government’s purposes of the Bonds; and no more than the lesser of \$5,000,000 or 5% of the proceeds of a tax-exempt bond issue may be used to make or finance a loan to any person

other than a state or local government unit;

- iii. Before entering into any special use arrangement with a non-governmental person that involves the use of bond financed property, the Coordinator will consult with bond counsel, provide bond counsel with a description of the proposed non-governmental use arrangement, and determine whether that use arrangement, if put into effect, will be consistent with the restrictions on private business use of the bond financed property; and
- iv. In connection with the evaluation of any proposed non-governmental use arrangement, the Issuer will consult with bond counsel to obtain federal tax advice in whether that use arrangement, if put into effect, will be consistent with the restrictions on private business use of the bond financed property, and, if not, whether any “remedial action” permitted under §141 of the Code may be taken as means of enabling that use arrangement to be put into effect without adversely affecting the tax-exempt status of the Bonds.

- d) The Coordinator shall maintain a copy of any such proposed agreement, contract, lease or arrangement, together with the response by bond counsel with respect to said proposal for at least three (3) years after retirement of all tax-exempt obligations issued to fund all or any portion of bond financed assets;
- e) The Coordinator shall consult with bond counsel and other legal counsel and advisers in the review of any change in use of bond-financed or refinanced assets to ensure compliance with all covenants and restrictions set forth in the Certificate;
- f) The Coordinator shall confer at least annually with other personnel responsible for bond-financed or refinanced assets to identify and discuss any existing or planned use of bond-financed or refinanced assets, to ensure that those uses are consistent with all covenants and restrictions set forth in the Certificate; and
- g) To the extent that the Coordinator discovers that any applicable tax restrictions regarding use of bond proceeds and bond-financed or refinanced assets will or may be violated, the Coordinator shall consult promptly with bond counsel and other legal counsel and advisers to determine a course of action to remediate all nonqualified bonds, if such counsel advises that a remedial action is necessary.

6. Bank Qualification. If the Bonds are issued in a par amount of \$10 million or less and designated by the Issuer as “bank qualified” under Section 265(b)(3) of the Code, the Coordinator will monitor the amount of subsequent tax-exempt

obligations issued or proposed to be issued in the calendar year in which the Bonds closed to ensure that the Issuer does not exceed the \$10 million threshold in such calendar year.

7. General Project Records. For each project financed with tax-exempt obligations, the Coordinator shall maintain a copy of all material documents relating to capital expenditures financed or re-financed by tax-exempt proceeds, until three (3) years after retirement of the tax-exempt obligations or obligations issued to refund those obligations including (without limitation), the following:

- a) appraisals, demand surveys or feasibility studies,
- b) applications, approvals and other documentation of grants,
- c) depreciation schedules,
- d) contracts respecting the project, including construction contracts,
- e) purchase orders,
- f) invoices,
- g) trustee requisitions and payment records,
- h) documents relating to costs reimbursed with Bond proceeds, and
- i) records identifying the assets or portion of assets that are financed or refinanced with Bond proceeds, including a final allocation of proceeds.

8. Advance Refundings. The Coordinator, shall be responsible for the following current, post issuance and record retention procedures with respect to advance refunding bonds:

- a) Identify and select bonds to be advance refunded with advice from internal financial personnel, and a financial advisor;
- b) The Coordinator shall identify, with advice from the financial advisor and bond counsel, any possible federal tax compliance issues prior to structuring any advance refunding;
- c) The Coordinator shall review the structure with the input of the financial advisor and bond counsel, of advance refunding issues prior to the issuance to ensure (i) that the proposed refunding is permitted pursuant to applicable federal tax requirements if there has been a prior refunding of the original bond issue; (ii) that the proposed issuance complies with federal income tax requirements which might impose restrictions on the redemption date of the refunded bonds; (iii) that the proposed issuance complies with federal income tax requirements which allow for the proceeds and replacement proceeds of an issue to be invested temporarily in higher yielding investments without causing the advance refunding bonds to become “arbitrage bonds”; (iv) that the proposed issuance will not result in the issuer’s exploitation of the difference between tax exempt and taxable interest rates to obtain an financial advantage nor overburden the tax exempt market in a way that might be considered an abusive

transaction for federal tax purposes; and (v) that the proposed refunding complies with applicable State law.

- d) The Coordinator shall collect and review data related to arbitrage yield restriction and rebate requirements for advance refunding bonds. To ensure such compliance, the Coordinator shall engage a rebate consultant to prepare a verification report in connection with the advance refunding issuance. Said report shall ensure said requirements are satisfied.
- e) The Coordinator shall, whenever possible, purchase SLGS to size each advance refunding escrow. The financial advisor and/or bond counsel shall be included in the process of subscribing SLGS. To the extent SLGS are not available for purchase, the Coordinator shall, in consultation with bond counsel and the financial advisor, comply with IRS regulations.
- f) To the extent the Issuer elects to purchase a guaranteed investment contract, the Coordinator shall ensure, after input from bond counsel, compliance with any bidding requirements set forth by the IRS regulations.
- g) In determining the issue price for any advance refunding issuance, the Coordinator shall obtain and retain issue price certification by the purchasing underwriter at closing.

The annual Prouty raises needed funds to support cancer research and patient supportive services at Dartmouth Cancer Center and has taken place in Hanover for the past 44-year. For many years we have hung Prouty Pennants and a Main Street Banner in Hanover and we'd like to submit a request to do so again for 2025. We have found that hanging the pennants and banner to be extremely helpful in generating awareness for our event. As a result, we would like to submit a request to reserve the following dates if at all possible:

Prouty Pennant: (10) Light poles from June 16th - July 14th.

We appreciate your consideration for this request and look forward to hearing from you when time permits.

Sincerely,
