

SELECTBOARD MEETING

May 1, 2023

7:30 P.M. - MUNICIPAL OFFICE BUILDING - HANOVER, NH

The meeting of the Selectboard was called to order at 7:30p.m. by Chair Peter Christie. Also present were: Bill Geraghty, Selectboard Member, Joanna Whitcomb, Selectboard Member, Nancy Carter, Selectboard Member, Alex Torpey, Town Manager

Absent: Vice Chair Athos Rassias

Chair Christie explained the process for public comment.

1. Public Comment

Jane Masters, 15 Willow Spring Circle is concerned about cell phone reception in Hanover and the new timetable for the sidewalk installation on Verona. She brought these issues to the board for their information and updates.

Mr. Torpey noted the cell service is on the Town's long-term radar.

The board noted the Verona sidewalk is on the DPW list for this year, but they are short staffed. The money set aside needs to be used by June of 2027, but there's no current definitive scheduled date.

Carey Callahan introduced to the board a new resident to Hanover who was evacuated from Afghanistan. He will be attending the high school and his extended family is all due to arrive soon.

He is interested in learning how local government works and was interested to attend tonight's meeting.

Kari Asmus, 2 Sausville Rd asked about Muster day which she posed at the April 10th meeting. She understands there are financial and staffing restraints and has spoken to the scouts who are interested in participating. What else can she or staff do to make this event happen this year?

The board discussed whether they can decide to let a citizen take on this project on their own if the Town staff does not have the time to do so. Ms. Asmus suggested that Parks and Rec take the lead and she can support them as needed.

Mr. Torpey noted this event is not in the budget for this year or next year. It's too late to add it to the staff schedule at this point (this and additional positions are vacant in Parks and Rec) and there is no money allocated for it. Parks and Rec is in favor of bringing the event back when there is ample time and budget for it.

The plan that was in place is for Ms. Asmus to meet with the relevant staff to iron out details, though she seemed reluctant to do so. The board suggested she take that route and if the staff is able to support the event, they will, but if it doesn't work out for this year, it should be on the event schedule for next year.

2. Review of Request for Reallocation of Supplemental Highway and Supplemental Bridge Aid Funds

On September 12, 2022 the Selectboard accepted supplemental state aid highway funding in the amount of \$240,739.71 for use in funding a 50% match for LED Streetlight Replacement project with any unused balance to be applied to the repair of the large drain outfall adjacent to the southern edge of Ledyard Bridge.

On February 27, 2023 the Selectboard accepted supplemental bridge aid funding in the amount of \$219,869.96 with the understanding that Peter Kulbacki, Director of Public Works, would be requesting an allocation for a bridge that was not completed within the FY 21 bridge bond allotment.

As indicated in Peter Kulbacki's interoffice memo, funds have been saved in one project while additional funds are needed for other projects due to increased costs.

Action Requested: Reallocate \$219,869.96 of the supplemental bridge aid accepted on February 27, 2023 and reallocate up to \$60,130.04 of the supplemental highway funding accepted on September 12, 2022 to the replacement of the

bridge near the intersection of Ruddsboro and Three Mile Roads with any remaining unexpended balance of highway aid not used to complete the LED street light replacement and bridge at Ruddsboro and Three Mile Roads reallocated to the cross country path between Verona Street and Reservoir Road.

Kari Asmus as Finance Committee asked why the proposal is not to use the bond money for the bridge for the purpose it was bonded. Chair Christie noted the plan was to draw down the entire bond, but we were one bridge short and the cost escalated. He believes the anticipated cost of the other four bridges will draw down that balance.

At 7:23pm, Chair Christie MOVED to Reallocate \$219,869.96 of the supplemental bridge aid accepted on February 27, 2023 and reallocate up to \$60,130.04 of the supplemental highway funding accepted on September 12, 2022 to the replacement of the bridge near the intersection of Ruddsboro and Three Mile Roads with any remaining unexpended balance of highway aid not used to complete the LED street light replacement and bridge at Ruddsboro and Three Mile Roads reallocated to the cross country path between Verona Street and Reservoir Road. Selectboard Member Carter SECONDED the Motion. All in favor

Chair Christie and Mr. Torpey discussed the cost of the cross country path and how much is cash vs 'in-kind'. Mr. Torpey will bring back more information.

3. Review of Request to Abate Water/Sewer Bill for Property Located at 34 Rayton Road

Due to an unexplained issue while this home was unoccupied last summer, the residents received a large water and sewer bill in September, 2022. It was speculated that something was left running or on during the time frame of this billing period although the residents dispute that. Further testing of the water meter and review of the home for leaks also provided no further explanation. The residents request an abatement determined by the Public Works Department to be in the amount of \$1,555.00.

Action Requested: Approve a one time abatement in the amount of \$1,555.00 and request the homeowner access the customer portal to self monitor flows while the home is unoccupied to avoid a possible repeat situation in the future.

At 7:28pm, Chair Christie MOVED to Approve a one time abatement in the amount of \$1,555. Selectboard Member Geraghty SECONDED the Motion. All in favor

At 7:32pm, Chair Christie MOVED to Approve the request for Current Use assessment. Selectboard Member Whitcomb SECONDED the Motion. All in favor

Chair Christie wondered if some of these above items can be approved through an administrative process, but Mr. Torpey clarified that is not an option. He suggested that for future meetings as more of these need to be approved, they can do a consent agenda which allows all items to be on the agenda, but allows the board to vote for several items at once if they wish. The board was in favor of moving to that process.

7. Recommendation to Set Polling Hours for Town Meeting, May 9, 2023

Hanover Town Meeting is scheduled for May 9, 2023 at the Hanover High School Gymnasium, 41 Lebanon Street, Hanover, New Hampshire. Staff recommends that the Board set polling hours for Tuesday, May 9th from 7:00 a.m. to 7:00 p.m.
